Benefits eligibility and enrollment

Adobe benefits are offered to regular employees who work 24 hours or more per week. Eligibility for some programs, such as the 401(k) plan and employee stock purchase plan (ESPP), may vary. Health and welfare (H&W) [benefits-eligible dependents](#) include your spouse/domestic partner (same- or opposite-sex) and your children (including spouse's or domestic partner's children) up to age 26 (or any age if they're disabled and dependent on you for support and you obtain written approval from the medical plan).

All H&W benefits are effective on your date of hire. You must enroll or opt out within 15 days of your hire date, or employee-only default coverage will be applied. After your first day of employment with Adobe, go to the [Adobe benefits enrollment site](#) to make your H&W benefits elections.

If you have other medical coverage (i.e., through your spouse/domestic partner or parent), you can opt out of Adobe's medical coverage.

If both you and your spouse/domestic partner, parent, or child work at Adobe and are eligible for the Adobe H&W program, special enrollment rules apply:

Medical, dental, and vision

Each of you must make a separate election to enroll or waive coverage. You and your spouse/domestic partner may each enroll for coverage as employees, or one may enroll as an employee and cover the other as a dependent. However, you may not be covered simultaneously as an employee and a dependent. In addition, you and your spouse/domestic partner may not cover the same child as a dependent.

Dependent life insurance

If your spouse/domestic partner works at Adobe, you cannot elect spouse/domestic partner life insurance, and only one of you may cover your dependent children through child life insurance. If your child works at Adobe, you cannot elect child life insurance coverage for that child.

Dependent Care Flexible Spending Account

You and your spouse/domestic partner can each elect the Adobe dependent care gift if you have two or more eligible dependents who qualify.

Medical plan options

The medical plans that are available to you are based on where you live and other criteria and will appear as options on the Adobe benefits enrollment site. The medical plan options available to you can change if you move or experience other changes.

The Aetna HealthSelect EPO plan is an in-network-only plan and is available to eligible employees who live within the plan's service area, based on home ZIP code.

To elect the Aetna HealthSave plan, you must be able to certify that you are eligible to contribute to a Health Savings Account (HSA), because the plan comes with an employer HSA contribution. (See Health Savings Account on page 15 for IRS limits, rules, and contribution details.) Those who are ineligible for an HSA due to Medicare or TRICARE enrollment may elect this plan without an HSA if otherwise eligible.

HMSA—bundled health care for Hawai'i

If you live in Hawai'i, you are eligible for bundled medical, dental, and vision benefits offered through HMSA. Learn more about [HMSA coverage](#).

Aetna medical plans

Percentages shown represent the share the plan pays **after you meet the annual deductible** (unless otherwise noted). You pay the remaining percentage (your coinsurance). Dollar amounts shown for the HealthSave and HealthSave Basic plans represent the amount you pay (your copay) after you meet the deductible, while the plan pays the remainder. Dollar amounts shown for the HealthSelect EPO plan represent your copay and are not subject to a deductible unless otherwise noted.

With the HealthSave and HealthSave Basic plans, the deductibles are higher for out-of-network providers, as is the percentage you

pay (your coinsurance). Additionally, all out-of-network benefits are subject to either the usual, customary, and reasonable (UCR) maximum for providers or 200% of the Medicare cost for facilities. Plan reimbursements are based on the recognized charge. The HealthSelect EPO plan is an in-network-only plan that does not offer out-of-network coverage except in emergencies.

When evaluating the medical plan option that's right for you, it's important to also consider the plan cost (your per-pay-period contribution).

² If you activate your account with HealthEquity, Adobe contributes an amount to your HSA each pay period from January (or when you join the plan, if later) through October. If you're enrolled in Medicare or TRICARE, you can enroll in an Aetna HealthSave plan without an HSA (no company HSA funding nor ability to make contributions yourself). Adobe does not provide HSA funding to COBRA participants.

³ If you cover any dependents, your OOPM is the FULL family OOPM, regardless of which member of the family incurs expenses. Items not considered preventive include (but are not limited to) ultrasounds, amniocentesis, fetal stress tests, inpatient admissions, high-risk specialist visits, certain pregnancy diagnostic lab tests, and delivery, including anesthesia, and postpartum care.

² Three assisted reproductive technology (ART) cycles per lifetime, including IVF, GIFT, ZIFT, and FET. The plan's ART cycles can be used for fertility preservation; if you do fertility preservation, you get an extra half-cycle of ART, making you eligible for a combined total of 3.5 lifetime ART cycles. See plan booklet for definition of a "cycle." Artificial insemination (AI) services and ovulation induction (OI) procedures benefits are limited to six attempts per lifetime. Benefits for the freezing and storage of sperm, eggs, and embryos are covered for up to one year.

Beginning January 1, you can also invite up to five members of your family or household for free.

Health Care Flexible Spending Account (FSA)

The Health Care FSA allows you to set aside up to \$3,400 pretax in 2026 for qualified health care expenses. You can only contribute to the Health Care FSA if you've waived Adobe medical coverage or if you're enrolled in the Aetna HealthSelect EPO plan, a Kaiser HMO, or HMSA.

Health Savings Account (HSA)

Offered through HealthEquity, the HSA is available if you enroll in the Aetna HealthSave or Aetna HealthSave Basic medical plan and if you meet IRS requirements. Your account balance rolls over and continues to grow tax-free from year to year and is portable.

When you have a balance of over \$1,000 in your account, you can invest the extra money, so your savings can continue to grow tax-free.

To qualify for an HSA, you must meet certain IRS requirements. Visit the [Health Savings Account \(HSA\) page](#) to learn more. You can use the money in your HSA to pay for your share of qualified medical expenses for yourself, your spouse, and dependents you claim on your tax return. Contact HealthEquity at 866-346-5800 with your HSA questions. Be sure to consult with your tax advisor on your personal situation.

HSA contributions

You can contribute up to the annual IRS limit, which in 2026 is \$4,400 for individuals and \$8,750 for families and an extra \$1,000 if you're age 55 or older. If you join or change coverage midyear, [your IRS limit may be lower](#). These limits include contributions from all sources—yours and employer contributions (if any).

Adobe's HSA funding schedule

After you're enrolled as an eligible Aetna HealthSave participant, and you activate your HSA account, Adobe contributes to your HSA each pay period from January (or when you join the plan, if later) through October. You'll receive \$38.63 each pay period, up to \$850 per year, for individual coverage, or \$77.27 each pay period, up to \$1,700 per year, if you have family coverage. Adobe makes no contributions in November or December.

There's no Adobe contribution if you're in the HealthSave Basic plan.

Retirement and financial

401(k) retirement plan

Save for your future through pretax or Roth after-tax 401(k) contributions.

- Contribute 1%–65% of your eligible compensation, subject to IRS annual limits.
- Adobe matches 50% of the first 6% of eligible compensation.
- Make catch-up contributions beyond the regular annual limit if you are age 50 or older. Whether these are pretax or Roth after-tax and the amount of catch up contributions may depend on your age and prior year's wages.
- Enroll or make changes anytime, with no waiting period. Automatic enrollment happens approximately 30 days after your date of hire.
- Choose from three investment paths: Target Retirement Trusts, Core Investment Funds, and the self-directed brokerage option.
- Roll over your qualified accounts to the Adobe 401(k) plan.
- Take advantage of the 401(k) plan's guidance and advice options.

Contribute even more via a traditional after-tax account. There is no Adobe match with this option. The 401(k) plan also allows for Roth in-plan conversions.

The Vanguard 401(k) website will also display your deferred compensation plan and Health Savings Account balances, if applicable, to give you an overall view of your savings.

Employee stock purchase plan (ESPP)

You invest in Adobe through your talent and hard work. The ESPP helps you invest in the company financially as well—and to reap the rewards of that investment. Here's what you can do with the ESPP:

- Set aside up to 25% of eligible compensation through convenient payroll deductions (up to the annual limit).
- Enroll (or increase your contribution percentage) twice a year during the June and December enrollment periods.
- Continue to participate automatically, unless you choose to withdraw, leave Adobe, or no longer meet eligibility requirements.
- Lock in a discounted stock purchase price for up to 24 months.

- Purchase Adobe stock twice a year at a discount of at least 15% as of the purchase date.
- Manage your enrollment and access your shares online via your E*TRADE from Morgan Stanley account.

Restricted stock units (RSUs)

The company may award RSUs to new hires or existing employees based on their individual performance and other factors.

Life and disability insurance

Employee life insurance

You may elect Adobe-provided basic life coverage of \$50,000 or up to 3 times your salary (rounded down to the nearest \$50,000), up to \$500,000.

Upon initial eligibility, you have the option to buy supplemental life coverage in \$50,000 increments, up to 10 times your salary, with no evidence of insurability (EOI). A \$2 million maximum applies, which includes the basic life amount. During Open Enrollment or certain qualifying life events, you may increase your level of coverage by up to three \$50,000 increments with no EOI. You may increase your level of coverage by more than three \$50,000 increments with EOI (up to plan limits).

Spouse and child life insurance

You have the option to buy spouse life insurance in \$25,000 increments, up to \$250,000. Evidence of insurability is required at certain levels.

You have the option to buy child life insurance in \$12,500 increments, up to \$50,000.

The combined total of spouse and child life insurance cannot exceed 100% of the combined employee basic and supplemental life insurance.

If you have a spouse/domestic partner who is an Adobe employee, you cannot cover one another with supplemental life, and only one of you can cover your children. If you have a child who works at Adobe, you cannot cover them under supplemental dependent coverage.

Employee accidental death and dismemberment (AD&D) insurance

Adobe provides coverage of up to 3 times your salary (rounded down to the nearest \$50,000), up to \$500,000.

You have the option to buy supplemental AD&D coverage in \$50,000 increments, up to 10 times your salary. A \$2 million combined maximum applies, which includes the basic AD&D coverage.

Voluntary long-term care plus life insurance

Adobe offers employees the option to purchase voluntary long-term care plus life insurance through Trustmark. The plan provides benefits for services not covered by health insurance, disability, or Medicare.

Voluntary supplemental insurance benefits

Adobe offers you the opportunity to enroll in employee-paid supplemental insurance plans through MetLife as a new employee or during Open Enrollment:

- Accident
- Critical illness
- Hospital

These plans provide cash benefits to use any way you'd like when you or your family experiences a covered health event.

You can enroll in one, two, or all three plans. No health questions are asked when you enroll, but preexisting conditions may not be covered.

Annual incentive plan (AIP)

This financial incentive plan is awarded to eligible employees to drive aggressive growth and accountability, ensure the execution of our operating plan, and motivate and inspire employees to contribute at peak performance.

Sales compensation program

This financial sales incentive plan is awarded to eligible sales employees to drive the achievement of sales goals and business objectives. The program is reevaluated on an annual basis, and commission is paid at regular intervals (schedule varies by role).

Time off

Exempt employees

- You're eligible for two company breaks: June 29–July 3, 2026, and December 24–31, 2026, inclusive of Adobe-paid holidays.
- All exempt Adobe employees who work at least 24 hours a week are provided with flexible paid time off. This plan does not prescribe a specific number of vacation days. As a result, this flexibility allows you to balance work and personal life effectively, subject to your manager's approval and business needs.
- You'll continue to receive your regular pay when you take time away from work for vacation or other personal reasons, with the exception of time off for illness or leaves of absence, which are managed separately under those policies.
- You will accrue sick time off each pay period, up to a 10-day maximum.
- Paid time off is available for jury duty and bereavement.

Nonexempt employees

- You're eligible for two company breaks: June 29–July 3, 2026, and December 24–31, 2026. You will be required to use PTO for days that are not [Adobe-paid holidays](#) (borrowing against future PTO up to the maximum allowable, if necessary).
- You will accrue two days of paid time off (PTO) each month for the first five years of service. After five years, you'll begin to accrue more, up to a maximum of 30 days. Use PTO for vacation, sick time, personal business, and floating holidays.
- Some jurisdictions, such as California, may have other sick time requirements that may affect PTO accrual. This is outlined in the nonexempt policy document.
- Time off is available for jury duty and bereavement.

Time off for bereavement

Adobe strives to ensure that you have the support you need to care for yourself and your family during major life events. If a loved one passes away, you may take time away from work to be with your family. Regular employees, interns, and Adobe-paid temps are eligible to take up to 20 paid days per calendar year to help ease the emotional, financial, and logistical burdens during the loss of an immediate family member (including loss of a pregnancy). There is no effect on your benefits while on bereavement leave.

Leaves of absence (LOA)

There are many reasons you may need to take time away from work—whether for health or family needs, service to our nation, or some other occasion—beyond time off for vacation or sabbatical. Adobe offers several LOA programs to give you the time you need.

The [Welcome Back resources](#) page on Inside Adobe helps employees and managers facilitate a seamless return from an extended leave.

Digital leave of absence planning tool

Map out your leave of absence with [Veer](#), and create a personalized timeline, financial plan, and journey-map checklist.

Sabbatical

In recognition of your contributions to the business, you are granted an extended amount of time to relax, recharge, and reenergize. You can take paid time off based on your years of continuous service:

- Four weeks after five years of continuous service
- Five weeks after 10 years of continuous service
- Six weeks after 15 years of continuous service and every subsequent five years of continuous service

Sabbatical must be taken within two years from the date earned.

Disability benefits

Voluntary disability insurance (VDI) / short-term disability (STD)

These plans pay a benefit if you're unable to work due to an illness or injury, as well as maternity.

If you work in California, Adobe automatically enrolls you in the VDI plan starting on your date of hire. You may opt out of VDI and instead carry California State Disability Insurance (SDI).

California's Paid Family Leave (PFL) is a component of Adobe's VDI plan and California SDI. The benefit amount and duration are set by the state.

If you were an Adobe employee in 2025 and you work and reside outside of California, Adobe will automatically enroll you in the STD Plus plan that pays 100% of your salary for weeks 2–10 of a disability. If you're enrolled in this plan, you pay a biweekly contribution.

You can also choose to enroll in the STD Basic plan at no cost to you. This plan pays 80% of your salary for weeks 2–10.

Both plans cover 66.67% of your salary from week 11 to day 120, with a weekly benefit cap of \$3,500.

You may also be partially covered by an applicable state disability plan.

New employees in 2026 will be enrolled automatically in the STD Basic plan unless you elect the STD Plus plan during new-hire enrollment.

Long-term disability (LTD) insurance

LTD provides income replacement for medical disability after 120 days. Benefits are contingent on medical documentation and approval from Lincoln Financial, Adobe's leave program administrator, and are coordinated with any third-party disability benefits you're eligible to receive. The benefit provides 66.67% salary replacement.

Disaster and Epidemic Time Off (DETO)

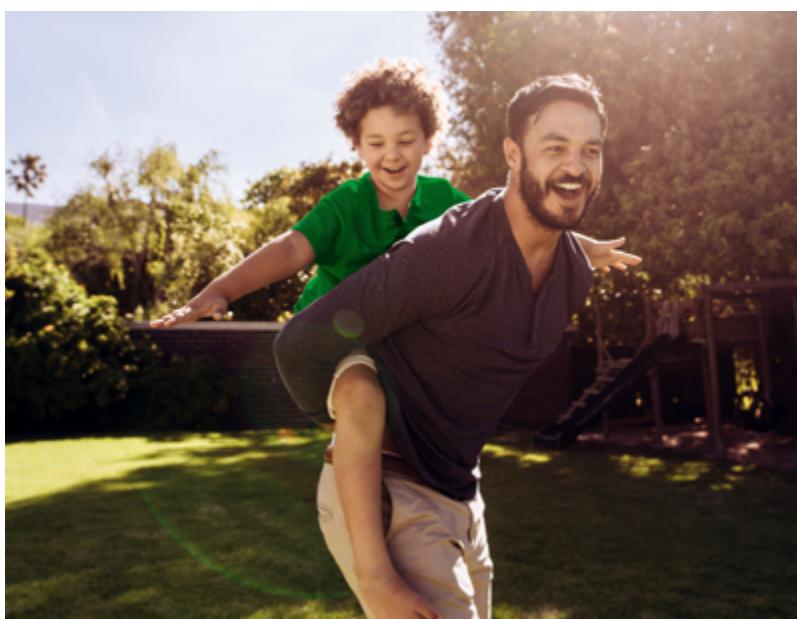

To support our employees and their families during uncertain and difficult times, Adobe offers up to 20 working days per calendar year of paid time off for situations that meet the conditions defined in our [Disaster and Epidemic Time Off policy](#).

The days off must be approved by your manager and taken at the time of the immediate need. There is no effect on your pay or benefits while you are taking this time off.

Paid holidays

If you work at least 24 hours per week, you get to enjoy these 11 paid holidays in 2026:

Per-pay-period contributions

The amounts shown in the following table are your plan costs that are deducted pretax from 27 pay periods in 2026, depending on your elections. Because your contributions are taken on a pretax basis, you do not pay income taxes on that amount, which reduces your current taxable income. However, if you cover a domestic partner or a domestic partner's child who does not qualify as a tax dependent, your contributions are on an after-tax basis, and the amount of income tax withheld from your paycheck will be increased to cover the tax due on the imputed income value of benefits coverage. It's your responsibility to designate on the [Adobe benefits enrollment site](#) whether your domestic partner or domestic partner's child is a tax-qualified dependent.

| Plan | Employee only | Employee + child(ren) | Employee + spouse/ domestic partner | Employee + spouse/ domestic partner + up to 2 children | Employee + spouse/ domestic partner + ≥ 3 children |

Child life insurance

Child life insurance is available for dependent children through age 26 at the after-tax rate of \$0.0667 per pay period per \$1,000 of coverage.

Short-term disability

The per-pay-period cost for the STD Plus plan (100% of your salary for weeks 2–10 of disability) is at the rate of 0.15% times your annual salary (or total target compensation [TTC] if you are paid by commission) divided by the number of pay periods in the year.

There is no cost for the STD Basic plan (80% of salary for weeks 2–10 of disability).

See page 21 for coverage details. View your plan costs on the [Adobe benefits enrollment site](#).
