

## YOUR BENEFITS DURING A LEAVE OF ABSENCE

Your benefits coverage will be continued during certain leave periods as indicated below.

### Continuation of Coverage During an Approved Leave

If the Company, in accordance with FMLA, CFRA, PDL or any other applicable federal or state laws, grants you an approved leave, you may, during the continuance of such approved leave, continue your healthcare coverage for you and your eligible dependents.<sup>1</sup> At the time you request the leave, you must agree to make any contributions required by the Company to continue coverage. The amount you must pay toward this coverage will not exceed the amount an active employee pays for coverage under the same plan.

If you are granted continued coverage while on an approved leave, your coverage will end the earliest of the following:

- The date you are required to make any contribution and you fail to do so;
- The date Liberty determines your approved leave is terminated and you have not yet returned to work; or,
- The date the program (or a particular coverage within the program) is discontinued; however, coverage for health expenses may be available to you under another plan sponsored by the Company.

**If your health coverage ends because your approved leave is deemed terminated by Liberty and you have not yet returned to work**, you may, on the date of such termination, be eligible for COBRA coverage on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the plan provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date Liberty determines your approved leave is terminated or the date of the event for which the continuation is available.

**If you acquire a new dependent while your coverage is continued during an approved leave**, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work (and not on an approved leave). ***You must enroll your new dependent for coverage within 31 days starting on the date of the status change event.*** Coverage for a dependent will not be continued under the terms of this provision beyond the date it would otherwise end.

***The charts in the following pages will summarize the effect a leave has on your Adobe benefits. This information is divided among the various types of leaves.***

---

<sup>1</sup> Under the actual leave programs offered by the Company, your coverage may continue beyond the period discussed here and for reasons other than those outlined here.
