2027 Monthly COBRA Rate Information

Listed below are monthly COBRA rates and the health coverage available to you, if you elect to continue coverage under the conditions of the Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA). The COBRA rates below reflect 102% of the premium equivalent rate. The additional 2% is to cover administrative costs. If you become disabled and continue your coverage beyond 18 months, the COBRA rates increase to 150% of the premium equivalent rate.

You have 60 days from the date your employee benefits end or the date of the notification letter from **bswift** (whichever is later) to elect coverage. You will then have 45 days from your election date to pay for your coverage retroactively to your COBRA eligibility date.

Note: If you were actively enrolled in the Health Care Flexible Spending Account (FSA) the day before becoming COBRA-eligible, you may continue your participation on an after-tax basis through COBRA for the rest of the plan year in which your employment ends.
