

Worker's Compensation Contracted Facilities - California

Below is a list of clinics near California Adobe office location that are in the **Medical Provider Network ("MPN")**. These are **Initial Care Clinic** where you can go to see a doctor for an initial evaluation of your work-related injury. The doctor will determine the necessary treatment plan; including giving you a referral for any continued care and will obtain the approval from Matrix for the referral.

In most cases you can drop in without an appointment but you may want to call to check on best hours to reduce wait time. Identify yourself as an Adobe employee. If you have already completed your **Workers' Compensation Claim Form (DWC1)**, take a copy with you. At the time that you report or file your Worker's Compensation claim with Adobe, be sure to indicate the facility and location where you will be seeking medical care. **Timely reporting and completion of the DWC1 form will expedite your ability to get referrals to specialist and other care.**
