

Welcome to Edenred Commuter Benefits

Commuter Benefits are tax-free fringe benefits, authorized by the Internal Revenue Code 132(f), that allow hardworking employees, like you, to pay for qualified commuting costs using pre-tax money. Commuter benefits help you pay for your transit expenses to and from work using pretax dollars, which saves you money on your taxes each year.

Qualified Commuting Costs
A wide variety of Commuter Benefit products ensures that no matter how you commute, you can enjoy the savings and convenience of the benefit. Commuter Benefits cover the following commuting expenses:

- » Transit: Bus, Subway, Train, Trolley, Ferry, Water Taxi, Light Rail and Vanpool
- » Parking: Meters, Garages & Lots

On average, employees save \$800 each year, or more when they set aside up to \$340 a month to pay for transit commuting expenses. Below is an estimated tax savings for someone who uses commuter benefits for transit and parking expenses.

Without Commuter		With Commuter	
Gross annual pay	\$55,000	Gross annual pay	\$55,000
Estimated tax rate (22%)	-\$12,100	Maximum annual commuter account contributions	-\$8,160
Net annual pay	=\$42,900	Adjusted gross pay	=\$46,840
Estimated annual commuting expenses*	-\$8,160	Estimated tax rate (22%)	-\$10,304
Final take home pay	=\$34,740	Final take home pay	=\$36,536
You take home this much more: \$1,796			

-  A public transit commuter who earns \$55,000 per year **could save \$898 ANNUALLY.**
-  A commuter making \$75,000 per year, pays to park and takes public transportation **could save \$1,796 ANNUALLY.**

Program Details

- **New!** Adobe's Commute Alternatives Program offers a \$200/month shared subsidy for transit, parking, and micromobility. *Micromobility has a subsidy cap of \$20/month.*
- The subsidy is not linked to payroll and counts toward the IRS pre-tax cap of \$340 for transit and parking.
- Amounts exceeding the \$340 monthly cap will require payment via personal credit card.
- Any amount exceeding Adobe's \$200 subsidy will be deducted pre-tax, up to the \$340 limit. For example, a \$340 order would be split as \$200 from Adobe, and \$140 pre-tax from payroll.
- **New!** Micromobility replaces biking. Micromobility is an environmentally friendly post-tax commuting option which includes a range of small, lightweight vehicles such as eScooters, shared bikes, eBikes, eMopeds and purchases/repairs at bike shops.
- **New!** Simultaneously place orders for all products. Transit, parking, and micromobility can now be ordered together, previously only transit and parking could be ordered together.
- **New!** The debit card will continue to sweep unused transit and parking funds, but micromobility funds will rollover to the next month.
