

Adobe Edenred FAQ

1. What is Edenred Mastercard?

Adobe's Commute Alternatives Program helps employees find alternative transportation to and from work that is convenient, affordable and sustainable.

The commute program provides all employees with a \$150/month subsidy for transit/vanpooling and transit parking, or a \$20/month subsidy for biking. Employees are eligible for one type of subsidy per month. Please keep in mind that the \$150 subsidy is for transit/vanpooling and transit parking combined. You may divide the \$150 between each of these modes however you choose.

- The commuter dollars provided by Adobe are provided free of any payroll implications and are in no way linked to your paycheck. It is provided for you to use as needed.
- The commuter dollars count towards the IRS' monthly pre-tax commuter benefits cap of \$315 for transit/vanpooling. Only orders that exceed Adobe's \$150 subsidy for transit/vanpooling will be deducted pre-tax from your payroll, up to the \$315 monthly cap. Amounts exceeding the \$315 monthly cap will require payment via credit card.
- For example: a monthly order of \$315 will be broken down as: \$150 subsidized by Adobe, \$165 deducted pre-tax from payroll.

8. How do I use the monthly subsidy amount for public transit, transit parking, or biking to work?

Every month, employees can choose either the \$150 subsidy for transit / vanpooling, and transit parking; OR the \$20 subsidy for biking.

Public Transit:

Place an order for public transit in the form of a direct pass or e-cash loaded onto your transit pass (e.g. Clipper, MTA), or in the form of a prepaid MasterCard.

**Please note: if you plan to use the subsidy for public transit and vanpooling, we recommend placing an order for a prepaid MasterCard as this can be used to load your transit card and as a payment method in the apps.*

Transit Parking:

Place an order for a prepaid transit parking MasterCard with your own pre-tax dollars, up to \$315/month. The transit parking funds in the MasterCard can be used at transit station lots and other parking lots or street parking that accept MasterCard. You can place your subsidy for transit/vanpool and pre-tax parking funds in the same MasterCard. The system will denote the type of funds in subsequent order that it is placed.

Biking:

Subsidies for biking come in the form of \$20 loaded to an Edenred MasterCard that can be used at any participating bike retailer. MasterCard can be used towards any bike, bike-related equipment, or maintenance.
