

Here for you

Support for inpatient behavioral health care and more

Where to start

If you or a family member is struggling with a behavioral health issue, don't wait — support is available 24/7. Whether you're considering inpatient care or trying to avoid it, call your Aetna Concierge today at **1-800-884-9565 (TTY: 711)** and select option 2 to talk with a Behavioral Health Specialist.

Whatever you're going through or however you feel, a Behavioral Health Specialist is here to support you.

They can:

- Guide you to programs and resources included with your benefits
- Help you find the right in-network providers and in-network inpatient facilities
- Help coordinate inpatient treatment
- Handle any precertification requirements

Finding inpatient care

Your plan covers different types of inpatient behavioral health facilities, including:

- Intensive outpatient programs
- Detoxification centers
- Partial hospitalization
- Residential treatment

There are certain types of facilities that are not covered, such as wilderness camps. That means you'd need to pay the full cost yourself.

With many inpatient care options, it can be confusing and stressful to figure out where to go. You don't need to do this on your own. Call your Aetna Concierge to get help finding a facility that's right for you and that's covered by your plan.

Don't wait

The sooner you reach out for help, the better your experience and outcomes will be.

Your Behavioral Health Specialist is here to help. Call **1-800-884-9565 (TTY: 711), 24/7.**

Find in-network behavioral health providers:

• **Online provider search tool**

- Log in at **Aetna.com** (register first if you haven't already).
- Click **Find Care & Pricing** on your home page.
- Enter “mental health facility” in the search bar. Or enter the type of provider you're looking for – such as psychiatrist, psychologist, clinical social worker or counselor. You can also search for a provider by name.

• **Aetna Institutes of Quality® facilities**

These top-rated inpatient facilities belong to a strictly credentialed “network within a network.” They provide high-quality care for mental health, substance misuse and eating disorders. Click **here** to find a location near you.

Having trouble finding a network provider?

Call your Aetna Concierge at **1-800-884-9565 (TTY: 711)** and select option 2 to talk with a Behavioral Health Specialist.

Safety and savings with in-network providers

Choosing in-network providers for behavioral health care gives you some important advantages.

- **Trust:** You can be sure your provider is licensed and accredited and will work with Aetna® to preapprove covered services.
Beware of out-of-network providers who say “we’ll work with your insurance” in order to sell you their services.
 - We may not be able to work with them. For example, the provider may not be licensed in your state or may not agree to our contract.
 - The service may not be covered by your plan.
 - They may not even be an accredited facility.
- **Cost:** In-network providers negotiate their fees with Aetna. This means:
 - You pay less out of your own pocket.
 - You get the most out of your plan benefits.
 - You won’t be balanced billed (see definition on the next page) for covered services outside of your normal plan cost-share.
 - You know your care is covered. If the service or facility is not covered by your plan, you may need to pay the entire cost yourself.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and its affiliates (Aetna). Aetna Behavioral Health refers to an internal business unit of Aetna.

How your benefits work

Knowing how your benefits work can prevent headaches at a difficult time.

Here's how your plan covers services after you meet your annual deductible. If you use out-of-network providers, your plan covers recognized charges only (see definition below).

Plan covers	Aetna HealthSave (HSA)		Aetna HealthSave Basic		Aetna Out of Area HealthSave (HSA)
	In network	Out of network*	In network	Out of network*	
Office visits and other outpatient services**	90%	70%	80%	60%	80%
Inpatient services**	90%	70%	80%	60%	80%
Not all types of inpatient facilities are covered, including wilderness camps and facilities that are not licensed or accredited. Different benefits apply for care in a skilled nursing facility.					

Prescription drugs, after deductible, you pay:

Retail 30-day supply***	\$15 for generics \$45 for brand-name drugs on the Aetna Performance Drug List \$65 for other brand-name drugs
Mail order (or pickup at CVS Pharmacy®) 90-day supply***	\$30 for generics \$90 for brand-name drugs on the Aetna Performance Drug List \$130 for other brand-name drugs

* Subject to recognized charges and balance billing. See definition below.

** All inpatient and certain outpatient services require precertification.

*** Benefits are reduced if you use a nonparticipating pharmacy. Copays count toward your out-of-pocket maximum.

Some types of care require precertification. Precertification is an approval process that ensures services are safe and appropriate. It also determines how the plan will cover services.

- If you use an in-network provider, they will handle precertification for you.
- If you use an out-of-network provider, you'll need to ask them to contact Aetna® at **1-800-884-9565 (TTY: 711)** to start the process. If your doctor doesn't provide this service, you'll need to call yourself.

Your plan does not cover certain alternative medicine services. Click [here](#) for a list.

Recognized charges and balance billing

If you go outside the network, reimbursement is not based on a negotiated amount, but rather on the recognized charge. To determine the recognized charge, we compare cost data for similar services in the same geographic areas.

You may be responsible for the entire difference between what the provider bills and the recognized charge. This is called balance billing. Balance billing charges do not count toward your deductible or out-of-pocket maximum.

Help from home

If you feel like you might be starting to spiral out of control, seek help now, before you end up needing inpatient care. Here are some programs that could help you right now, from home. One of them might just prevent an inpatient stay down the road.

Spring Health, Adobe's Employee Assistance Program (EAP) provider, gives you easy access to confidential, short-term counseling services and additional work-life resources. You're eligible for up to 10 free sessions each calendar year. Sign up and activate your EAP benefits online. After you take a short assessment, you'll be assigned a personal Care Navigator who will guide you to the right benefits.

Go to **Adobe.SpringHealth.com** or call **240-558-5796**. For crisis support, select option 2.

Teladoc® offers video sessions with a psychiatrist, psychologist or other behavioral health provider.

- Psychiatrist (initial visit): \$190 per session
- Psychiatrist (ongoing visit): \$95 per session
- Psychologist, licensed clinical social work, counselor or therapist: \$85 per session

Set up your account at **Teladoc.com/Aetna**. When you want to use the service, visit the site or call **1-855-835-2362**.

Behavioral health televideo counseling services let you get counseling from anywhere for the same cost as an office visit.

To get started, call the provider group for your area:

MDLIVE

- Any state or the District of Columbia
- **1-855-824-2170**
- **MDLive.com/BHcomm**
- Accepts patients age 10 and older

Array AtHome Care

- CA, DE, FL, IL, MO, NJ, NY, PA, TX, VA
- **1-800-442-8938**
- **ArrayBC.com/patients**
- Accepts patients age 5 and older

Arcadian/Telemynd

- All states not covered by Array AtHome Care
- **1-866-991-2103**
- Accepts patients age 18 and older

Questions? Call your Aetna Concierge at **1-800-884-9565 (TTY: 711)**. They can help you find services, doctors and facilities that are covered by your plan. And they can tell you about resources to help you prevent the need for inpatient care.

Aetna® does not recommend the self-management of health problems. Health information programs provide general health information and are not a substitute for diagnosis or treatment by a health care professional. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Refer to **Aetna.com** for more information about Aetna plans.

Aetna and CVS Pharmacy® are part of the CVS Health® family of companies. For a complete list of other participating pharmacies, log in at **Aetna.com** and use our provider search tool.

Teladoc is not available to all members. Teladoc and Teladoc physicians are independent contractors and are not agents of Aetna. Visit **Teladoc.com/Aetna** for a complete description of the limitations of Teladoc services. Teladoc is a registered trademark of Teladoc Health, Inc.
