

## **Self-Service Tool Communication**

The Plan will provide a self-service cost/price estimate tool (for 500 most shoppable covered services by January 1, 2023, and for all covered services by January 1, 2024).

This internet-based self-service tool:

- Discloses personalized out-of-pocket costs for all covered healthcare items and services (with paper copies available on request)
- Gives participants an estimate of their cost-sharing liability for any in- or out-of-network provider, allowing them to compare costs before receiving medical care
- Enables searching by billing code, descriptive terms, in-network provider name and other relevant factors (such as geography)
- Tracks a participant's accruals toward any cumulative treatment limitations (like day or visit limits) as well as deductibles and out-of-pocket maximums
- Must be made available by telephone
